WORK PLAN PROPOSAL FOR DOCTORATE

PEC/ COPPE/UFRJ

Guide to filling out form

- Area of Concentration and Research Line

Should be selected according to areas of concentration at PEC/COPPE and their respective research lines (www.coc.ufrj.br)

- Research Plan Title

This must be short, sharp, and it must describe what your research is about. Avoid long titles.

- Aims and Objectives

Briefly outline the aims and objectives of the research as for instance; it aims to develop computational tools, or it suggests a new experimental apparatus to investigate a technological relevant phenomena, etc.

- Methodology

In order to answer the previous item, briefly elucidate the applicable methodologies

- Significance

Clarify research proposal context

- Additional Information

Applicant should provide other relevant information to the proposed work plan

- Courses

PEC course names (www.coc.ufrj.br) should be written out

- Signatures

Date and Applicant Signature

Revised in August /2012
